

Meet the everyday classic preserver

Quality clothes are made to be worn, but everyday pieces need care to maintain their condition. Whether you wash one shirt or a full load, AEG washing machines will adjust the cycle accordingly, reducing wear and tear by taking the minimum amount of time, water and energy necessary for a thorough clean.

AEG AutoDose washing machines will see your confidence in washing restored. Load the machine as normal and the sensor will accurately adjust water, energy and washing time to the nearest 1kg of clothes. Based on this, the precise amount of detergent and softener is automatically dosed. The precise dosage cleans, protects and

Product Benefits & Features

Caring for clothes. Saving water and energy

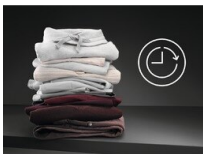

ProSense technology® automatically weighs each load to provide a tailored cycle. Sensors then adjust washing times precisely, ensuring optimum treatment for every garment. Your laundry comes out with that fresh, new feeling every time, plus you save water and energy.

- LED display
- 8 kg wash capacity
- 1400 spin speed RPM
- Programmes include:
 - Wool plus programme
 - Easy iron programme
 - Delicate programme
 - Cottons programmes
 - Synthetics programmes
- Options include:

Protection for your clothes

All AEG machines have our ProTex gentle drum, specially designed to take care of your clothes. Gentle water jets lift and protect your laundry as it washes. With more holes than standard machines, our drum reduces the stretching of fabric, maintaining the shape and texture of clothes during spin

Choose the right time to wash

Delay Start gives you the freedom to do your washing at the time you prefer by allowing you to automatically set the start time of your washing cycle.

Convenient loading and unloading with extra-large door opening

The extra-large door opening in this washing machine makes it much easier to load and unload your laundry, even when you're washing bulky items such as pillows, sheets and duvets.

FULL CONTROL AT YOUR FINGERTIPS

To give you full control over the washing conditions for each load, the touch control display provides intuitive guidance on all washing options, information and settings.

Product Specification

Water cotton 60	52
Drum volume	53
Motor System	Universal
Dimensions (mm) (HxWxD)	847x596x547
Depth max, mm	577
Wheels/feet	4 adj feet
Cord Length	1.8
Inlet hose length (cm)	130
Outlet hose length (mm)	145
Connected Load	2000
Voltage	230-240
Required Fuse	13
Frequency	50
